PIG MINIMUM STANDARD

By 2030, 100% of the Restoleil Group's pork supply (fresh, frozen, and processed) will come from farms that :

- **Comply with the provisions of the decree of 16 January 2003** establishing minimum standards for the protection of pigs, meaning they:

- do not practice routine tail docking, routine teeth clipping or grinding of piglets, or castration of piglets without anesthesia;
- provide animals with **permanent access to manipulable materials** in sufficient quantity and quality; suboptimal materials and low-interest materials, as defined in Commission Recommendation (EU) 2016/336 of 8 March 2016, **may never be used alone.**

- **Use no cages at any point** during the sows' gestation and farrowing phases.

Compliance with the above requirements will be ensured through the annual publication of a progress report.

This commitment applies to all our establishments.
