

RESPONSIBLE DIGITAL CHARTER

WHY THIS CHARTER?

Digital technology is a key driver of our performance.

However, it also has a real environmental impact.

As part of its CSR commitment, Groupe Restoleil is committed to more responsible digital practices — simpler, more efficient, and more sustainable — by building on actions already in place.

OUR COMMITMENTS IN ACTION

SUSTAINABLE EQUIPMENT

- Ergonomic equipment to support comfort and well-being
- Priority given to refurbished or sustainable devices
- Extending the lifespan of equipment
- Replacement only when necessary

DIGITAL SOBRIETY AT THE OFFICE

- Computers and screens turned off at the end of the day
- Fewer unnecessary emails, less “reply all”
- Sharing links instead of heavy attachments
- Video calls only when truly needed
- Adopting everyday eco-friendly digital habits

DATA & CLOUD

- Regular sorting and deletion of obsolete files
- Cleaning up shared cloud storage
- Avoiding duplicates
- Well-structured folders = less storage needed

WEB & DIGITAL TOOLS

- Lightweight web pages (images, videos, content)
- Lean and purposeful digital tools
- Essential features only
- Tools properly maintained and regularly updated

RAISE AWARENESS & ENGAGE

- Raising awareness of eco-friendly digital habits
- Regular sharing of best practices
- Encouraging grassroots initiatives

LESS NOISE. MORE PURPOSE.
