

GROUPE RESTOLEIL

OUR COMPANY

A committed vision of seasonal catering

A specialist in seasonal catering within the tourism industry, Groupe Restoleil is, above all, a story of places, moments, and people.

Born with the rhythm of the seasons, it has been delivering vibrant, high-quality, and welcoming dining experiences for over 30 years, at the heart of holiday destinations.

A truly human adventure and a great success story, Groupe Restoleil is led by CEO Quentin Porcel and President Michel Porcel — himself, above all, a seasoned restaurant professional.

National purchasing,
Sourcing,
Central purchasing:
Horeca-Achats

HYGIENE

HACCP standards,
Traceability, Audits

MAP OF FRANCE

Groupe Restoleil est aussi partenaire associé [Base Camp Lodge](#)

RESTAURANTS

Groupe Restoleil operates and develops dining venues in seaside and mountain resorts: bars, upscale brasseries, pizzerias, and hotel and four- and five-star campsite restaurants.

Groupe Restoleil designs and delivers its own concepts, as well as the interior design of its restaurants.

A way to give each venue its own identity, without ever repeating itself.

CSR & COMMITMENTS

Acting sustainably

COMMITTED LABEL

We have obtained the Engaged CSR label from AFNOR Certification, which recognizes the structuring of our corporate social responsibility approach. This label reflects our commitment to act in a responsible and sustainable way, by integrating social, environmental and governance issues into the heart of our strategy and activities.

ECC REPORTING

As part of the European Chicken Commitment (ECC), we regularly publish our progress on bringing our supply chains into compliance.

This approach is part of our commitment to animal welfare and transparency.

PIG MINIMUM STANDARD COMMITMENTS

By 2030, Groupe Restoleil will ensure 100% responsible sourcing of pork, from farms that respect animal welfare, with no painful practices or cages for sows, with annual monitoring applied across all its establishments.

ZERO-WASTE MOUNTAIN APPROACH

We are committed to reducing waste in mountain areas by limiting packaging, sorting, and raising awareness among our teams, supported by Mountain Riders.

This approach aims to reduce our environmental impact.
